Dear Students,

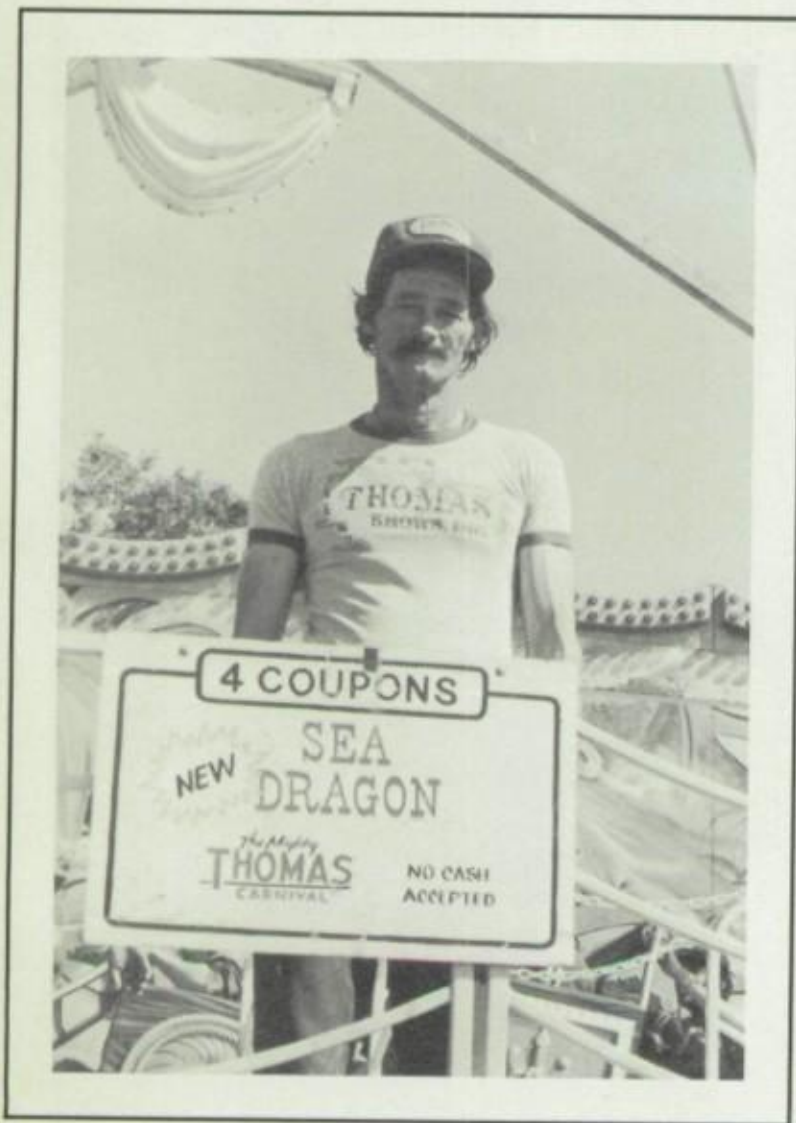

We have here at Peabody an example of an excellent educational institution. Instead of limiting our experiences, we try to provide a unique education for our students by meeting not only their academic needs but also their social and emotional requirements.

I am proud to be associated with the Magnet School because I feel that our student body exemplifies the best of today's youth. I am firmly committed to the establishment of a learning environment which will allow them to achieve their full potential as tomorrow's adults.

With our continued dedication to excellence, we can obtain our goal of making Peabody Magnet School a school of distinction.

Sincerely,
Dr. Jim Cleveland

SIDESHOWS

HOMECOMING PAGEANT

In October 1983, sixteen young ladies competed for six available positions on the homecoming court. The competition consisted of nominations by the teachers, a general election by the student body, and a pageant for the winners of the election.

The pageant used three areas of judging — sports wear competition, evening wear competition, and question and answer competition. Although only six young ladies could win a position on the homecoming court, the remaining ten participants were winners also through their congenial attitudes and eager participation.
